Around the Square

By SEWALL CLARK.

On his way home from the residence of Dr. and Mrs. Thomas A. Wynne, 326 N. Sunnyside, Friday evening your reporter thought of the band concerts at City Park, conducted every two weeks. No doubt you know how the mind works sometimes—debating things. You think oh why bother, let's go home and get to bed early for a change. Then you think but why not? Let's at least drop by the park to see if that band really is any good.

So your newspaper boy kept driving south on Sunnyside instead of turning east on Grandview. Along the way he thought of the people who often comment on how sad it is that the village flavor of Sierra Madre is fast disappearing, what with its rapid growth and all that. Too many two-story skyscrapers now. Big city.

The traffic on Sierra Madre Blvd. and the Friday night lights of the merchants doing business until 8 and 9 o'clock looked real cheery. So bright and alive it even reminded a guy to do the errands his wife had been asking him to do for weeks.

So, because the "Concerts in the Park" had brought him to town, he did the errands first and then cruised the edges of the park to park as near the park as one could park. Doesn't sound right, but that's the way it was.

He stepped onto the lawn and caught the fragrance of the grass and saw the people lying on blankets with their families and the people in the chairs near the bandstand and then came the music and he was in a new world.

Or perhaps it was an old world—that old sweet world when all it took to make a happy evening was a bottle of soda pop and enough pillows to keep the kids comfortable while you listened to the band—the dreamy old songs that make you remember and the Sousa marches that make you stand up and cheer.

But tonight your village journey—

Draeger Made Trip Won by Scholarship

Richard "Tarb" Draeger returned home Friday evening from an extensive tour of the United States, as a representative of the Key Club, a service club sponsored by Kiwanis. The club is for high school boys, recommended by their teachers and by students who have consistently maintained good grades in school.

As a student of Muir High School, young Draeger was a guest of the Altadena Kiwanians. The boys themselves provide approximately half of their expenses for the trip.

Main purpose of the trip is to attend the annual convention, this year held in Detroit. Tarb was among a group in a special car which also went to New York, Washington, D.C., and New Orleans. A side trip Tarb managed by himself was a five-day hike through Yellowstone National Park.

This fall, he will enter Stanford through a scholarship. At present he is employed by the Sierra Madre Recreation Department.

National Guard Recruiting Here

Sierra Madre members of Company C, 140th Tank Battalion in Southern California's 40th Armored Division of the National Guard, are recruiting new members in this vicinity before the division travels to Camp Roberts, near Paso Robles, for its annual two-weeks' period of field training.

This year, for its third encampment since National Guardsmen of the 40th returned to the United States after fighting in Korea, it expects to move approximately 7,000 Southern California citizen-soldiers and thousands of tons of heavy equipment to Camp Roberts for a period of intensive military training.

All members of the National Guard, who must be 17 years

ONE OF THE FEATURES in the bi-monthly program of "Concerts in the Park" occurs when several members in the audience are allowed to lead the band for a brief fling. Those who have filled this role at City Park have received a variety of gifts awarded by

local merchants, but last Friday a special prize was given through a drawing won by David Darbyshire, left. The others are Philip Mitchell, recreation director; Elaine Parks, 1955 Wistaria Queen; and Roger Gray, band director.—(Photo by Al West.)

David Darbyshire, 127 E. Highland Ave., was the winner of the Elgin watch given away at the concert in the park Friday evening.

100 CHAIRS BOUGHT FOR LIBRARY ROOM

The Friends of the Library recently recorded a vote of appreciation to all Sierra Madreans and others whose contributions made possible the purchase of 100 chairs for the Community room in the new Sierra Madre Public Library building.

Letters expressing this appreciation have been mailed to all donors by Hugh F. Colvin who was chairman of the chair campaign.

Mrs. Stanley Fish, president of the Friends of the Library, has pointed out that there is room for an additional 50 chairs and that contributions of \$6.93, covering the purchase of one chair, or donations of any amount, will be most welcome.

Contributions may be mailed or given to the treasurer, George L. Russell, 514 Santa Anita Court.

ELMER B. MASON DIES IN LA JOLLA

The many Sierra Madreans acquainted with Elmer Brown Mason will be saddened to learn that he died Tuesday at his home in La Jolla after a lengthy illness.

Mason, who resided in Sierra Madre until about five years ago, is survived by his widow, Edith Dunne Mason, who also was a resident here until moving to La Jolla.

A noted collector of first editions, Mason also was a representative for American periodicals in Paris after World War I.

Funeral services will be conducted in La Jolla at St. James by the Sea tomorrow, beginning at 10 a.m.

PARKING SPACE A CERTAINTY SOON

Condemnation proceedings initiated by the City of Sierra Madre for acquisition of three land parcels for parking were concluded successfully last Thursday, July 14, in Pasadena Superior Court. The court action was a mere formality, as negotiated prices already had been agreed upon.

Three parking areas will be available to shoppers when additional legal actions are completed, and improvements and surfacing of the lots are made. They are located at the rear of City Hall, at corner of Baldwin and Montecito, and Baldwin and Suffolk.

Total purchase cost of \$46,000, plus costs of improvements, will be assessed to store owners in the district, and financed by 20-year bonds.

Local Tennis Players Enter Big Tourney

For the first time in its history Sierra Madre will be represented in the Southern California National Public Parks tennis competitions when three doubles teams from here enter the Area Public Parks Playoffs scheduled at Santa Monica Saturday and Sunday and again July 30 and 31, according to Peter Cowell, secretary-treasurer of the Sierra Madre Tennis Club.

Those from the local club who will make the doubles teams are Harold Bogardus and Mrs. Nan Owen; William Smythe and Hank Gregor; Ken Agee and Peter Cowell.

In the meantime a Team and Tournament Committee has been appointed by members of the club's executive committee to further develop the tennis competitions and regular play that have increased considerably here within the past year. Those on the new committee are William Smythe, chairman, Ken Agee and Mrs. Trudy Cowell.

Local tournaments and other tennis activities sponsored by the club are not confined to its members. It welcomes all tennis enthusiasts.

The club also has been helpful in organizing plans for improving the condition of the two courts at City Park. Since City Council has authorized reconstruction of the courts the new surfaces are expected to be ready for all players some time in August if not further delayed by results of the teamsters' strike.

The next regular club tournament will be held Aug. 14. Entries must be sent to Secretary Cowell, 109 E. Grandview Ave., by 9 p.m. Aug. 12, at which time the drawing for teams will be made. A registration fee is charged to help defray the cost of trophies and other equipment.

Swim Classes Draw Capacity Enrollments

The Sierra Madre chapter of the American National Red Cross has promoted such a successful "swim campaign" at the Canyon pool, 540 Woodland Drive, that classes for non-swimmers and beginners now are being conducted at full capacity. For that reason no more enrollments are possible, at least temporarily.

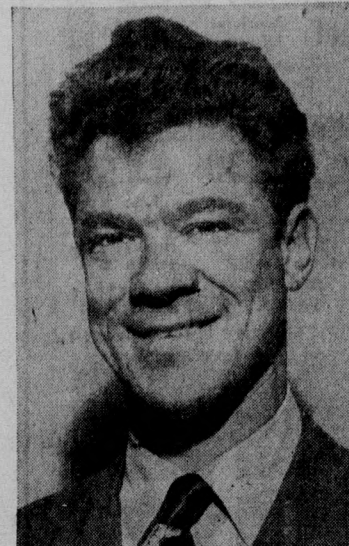

The swim program, under the supervision of Mrs. Audrey Smith, a fully-certified Red Cross swimming instructor, also includes classes for intermediate and advanced swimmers, junior and senior life saving and instructors' aide courses.

Children aged six and over are eligible, and classes for adults are arranged. The hours are from 9 a.m. to 12 noon, Tuesdays through Fridays, and there is no charge.

This is the 10th year for the "swim campaign" under the instructorship of Mrs. Smith. Anyone wishing further information is asked to telephone the Red Cross headquarters here, 41 S. Baldwin Ave., at Custer 5-0745 between the hours of 10 a.m. and 3 p.m.

RALPH'S PREPARES ANNIVERSARY SALE TO BEGIN JULY 29

Ralph's Shoe Store will be closed Thursday, July 28, in preparation for the biggest sale

RALPH HURWIT

in its history at which time, from July 29 to August 13, Mr. and Mrs. Ralph Hurwit, owners, will be celebrating the store's 10th anniversary.

Begun in 1945 across the street at 34 N. Baldwin Ave., they expanded in moving to the present address at 41 N. Baldwin in 1947.

Now stocked with more than 6,000 pairs of shoes, it will offer all of them for sale at a discount of at least 10 per cent and some are to be slashed in price by at least 50 per cent.

Besides its wide variety of children's and adults' shoes and sandals, the store offers one of the most experienced shoe repair shops in this area as well as a hosiery department catering to men, women, and youngsters.

R. A. Hawks Division Enters Match Contest

The R. A. Hawks Division, Sierra Engineering Company, is the first Sierra Madre industry to submit an entry in the match industry's awards competition for the "match book of the year" plaque, the Match Industry Information Bureau has announced.

Following in the wake of such industrial awards as Hollywood's "Oscar" and other odd-named prizes, the match industry is offering a "Joshua" plaque—named after match book inventor Joshua Pusey—for the best match book in each of 46 industries. The awards will be made by a panel of top-rank advertising and marketing experts.

Entry forms are available without obligation from the Match Industry Information Bureau, 500 Fifth Ave., New York 36, September 1 is the closing date.

VFW's Installation Dance Attracts Many

Approximately 250 people attended the installation dance staged in honor of new officers by the Veterans of Foreign Wars, Harry L. Embree Post 3208, Saturday evening.

Those who filled the post's auditorium and social lounges in their new building, 40 E. Montecito Ave., were VFW members, members of the VFW Ladies Auxiliary, and their invited guests.

Entertainment and dance music was provided by Allan Bond's orchestra.

Convention Report Given By Kiwanian

Dr. Allan Burgess, president of the Sierra Madre Kiwanis Club, was the principal speaker at the club's luncheon meeting Tuesday at the Woman's Club-house, 270 W. Sierra Madre Blvd. He reported the business of the Kiwanis International convention held recently in Cleveland.

Various projects by several clubs to raise funds for the support of youth activities in their respective communities were described, and highlights from a few of the main addresses to the convention were quoted in Burgess' report.

The social and other extra-curricular functions relating to the convention's program also were mentioned.

Guests at the Tuesday meeting were Kiwanian Bob Howard of Arcadia; Paul L. Stubbs, former Kiwanian from Cleveland, now sales promotion manager at the local Ford agency; Byron Hopper, Sierra Madre jeweler; and Andy Church, former member of the Sierra Madre Kiwanis.

THERE WERE MORE PEOPLE at City Park Friday night than can be seen in this picture, but this angled shot portrays the spirit of the scene that is reminiscent to many and a new, but equally happy, experience to others. In the background can be seen the Sierra Madre Community Band, which draws musicians from many communities and also

draws more of an audience at each concert every other Friday. One reason for the latter is because the word is getting around to the effect that the band, composed of musicians of varying ages and experience, presents an evening of music and fun in a village atmosphere considered by many as a rare and satisfying treat.—(Photo by Al West.)

School Board Reelects Two at Lively Meeting

Meeting Includes Protest by Parent Concerning 'Peeling'

NEW SHOPKEEPER AT JESSIE DUNNING'S

Jessie Dunning's Gift Shop, 26 N. Baldwin Ave., now has a new owner. Her name is Anita DuShane, whose residence with her husband, Ray N. DuShane, is 1805 Oak View Lane.

Miss Dunning, long prominent in Sierra Madre civic and business affairs, first began the shop with her mother in 1938. She says she has no immediate plans for her new leisure but that she hopes to visit in Palo Alto and Monterey within a few weeks.

Eventually, she says, she may become a professional baby sitter.

Local Note Seen in Death Of Loesch

The news of the death of Russell M. Loesch has reminded many Sierra Madreans that he was the contractor for the Sierra Mesa School, 140 N. Canon Ave., which was completed last fall.

A newly elected member of the Pasadena School Board, with jurisdiction over Sierra Madre as part of the junior college and high school district, his absence during the recent school board meeting of the four other members brought the issue concerning a proposed new Pasadena Junior College to a 2-2 deadlock.

Loesch, who was a prominent Pasadena contractor, was killed in an automobile accident in Guaymas, Mexico, Tuesday morning. His wife, who was traveling with him, was reported to be not seriously injured.

Dr. Milton W. Valois was re-elected president of the Sierra Madre School Board at the organizational meeting Thursday evening at City School. Mrs. Martha Coutant was re-elected clerk.

Committee members appointed by Dr. Valois are George Feichtmann, budget and finance; John Conzelman, building and grounds; Mrs. Nathan Jacobs, personnel, and Mrs. Coutant, public relations.

Mrs. Maynard A. Bell, 419 E. Highland Ave., protested the use of the private road on the south side of the Sierra Mesa School by unauthorized persons. Mrs. Bell said the situation had become an intolerable nuisance to the neighborhood because of racing, parking and "peeling." "Peeling," she explained, is the term used by those who burn their tires on the road by driving with excessive speed around corners or in other circular maneuvers.

Superintendent Charles Skutt stated that two chains had been placed across the entrance, and had been broken by trespassers on two separate occasions.

The school board authorized Superintendent Skutt to install an iron post in the center of the road and to post the property against use for any except school personnel. The post was installed Friday.

Revised budget figures were presented to the board. Total for 1955-56 is estimated at \$214,400, comparable to last year's expenditures of \$238,701. Since final figures have not been received from the county as to anticipated revenue, the budget is subject to revision at the next board meeting, July 25.

Final consideration will be given to teachers' salaries when figures are fixed. Salary for one custodian was the only one raised.

Man on 'Hanging Committee' At Rope's End in Self Review

Members of the Friends of the Library who are unofficially but not too dangerously known as the "Hanging Committee" have offered to contribute alternately a weekly review, criticism, or explanation of the paintings and other works of art currently on exhibit in the Community Room of the new Sierra Madre public library.

Thus A. L. Suman, committee member, interviewed himself early one morning this week.

Reporter: "What was the object of the committee in bringing this collection of prints by the California Printmakers' Society to Sierra Madre?"

Suman: "Well, we couldn't recall that there ever had been such a show hung here before.

This gives everyone a chance to see etchings, lithographs, serigraphs, aquatints and wood-block prints in black and white as well as color; thus adding to his or her fund of knowledge about these interesting fine arts.

"Every gallery-goer will know more what he is talking about when he tells his friends how nice an etching or a lithograph would look on that blank wall in the new house."

Reporter: "Are these all originals?"

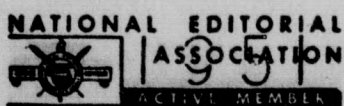

Suman: "Yes, in the sense that after creating the original design the artist himself makes the impression plates, on zinc, copper, stone or wood as the case may be, and then makes the print from the printing

What Do You Think?

Editor's Note: The opinions expressed in Mr. Shippey's column are not necessarily those of the editors and publishers of the NEWS. If you disagree with Mr. Shippey, who asks, "What Do You Think?", please address your letters to this paper or to Mr. Shippey. It is the intention of The NEWS to stimulate provocative thought and what YOU think is an important part of our program in presenting both sides to public questions of the day. Naturally, we cannot use letters which are abusive or unsigned. We not only invite, but encourage you to use our "Letters to the Editor" column.

Don't indignantly deny before stopping to question yourself. If you throw Kleenex, cartons which contained lunches, newspapers, beer cans or bottles out of your car, to litter up highways, or on beaches or picnic grounds, you are just plain trash, no matter if you live in a mansion, wear expensive

clothes and drive a \$5000 car. Decency and good citizenship are measured by what you do, not by what you have.

Last Sunday I took a visitor from the Midwest out to see our freeway system, an engineering achievement of which we have reason to be proud. Recently the New York brother of a Sierra Madre woman declared he knew of nothing to equal it in the East. Without doing any risky driving, we traveled from Sierra Madre over the Pasadena freeway and the Hollywood freeway and were on the Ventura freeway in 45 minutes. But near the end of the Hollywood freeway, which should be scenically lovely, our guest was shocked to observe the litter tangled in the shrubbery in the parking dividing the east and west highways.

Later we took him up the east fork of the San Gabriel River, a few miles past Peck's mine. The stream there was truly beautiful, swift and cold and making the sweetest music

one can hear on a hot day. But when we got down to it we had to tread carefully because of the hideous litter left by picnickers and fishermen. The ratio of fishermen to fish up there must have been at least ten to one, judging by the empty beer cans and broken bottles.

I fear that when our guest gets back to Missouri he will report: "Some beautiful country out there but the people are too lazy or indecent to take proper care of it."

Admitting our faults, though, this still is a wonderful place to live in because of neighbors. My friend Louis Hubik is a master carpenter who built his own attractive home across the street and much of the handsome furniture in it and can do any kind of construction in a superior manner. Result: We, the neighbors, spy on him. When he hasn't left home by 9 a.m. we know he is hoping to stay at home and do a lot of jobs for himself, so we casually stroll over and say: "By the way, Louis, that antique dresser my wife is so fond of is falling apart. Could you tell us what we should do about it?" Or we may say: "Louis, we have to lay some concrete. Can you give us some expert advice—when you have time?" Then Louis comes over and does the job ten times as well as any of us could, and when we try to pay him he says: "Oh, it took only a few minutes." Clayton Kirkland, on our other side, used to be a building contractor and loves to build things. He noticed that the gates to our driveway sagged—even the best of grand-children will swing on gates—and put in a day making them swing perfectly. And the other day Mrs. Frank Myers wanted to give us a lot of exceptional iris, but we didn't have room for them because so many other friends and neighbors have given us plants. The daily pleasures of living are just about trebled when one really enjoys his neighbors, even if one only talks to them over the fence. And I don't believe any town can beat our town for good neighbors.

Drama at Playhouse Develops Question of Curious Ethics

By E. N. Voorhees.

"Please Communicate," by Mary Oldfield, a popular English playwright, has an excellent all-British cast of seven, attractive stage setting and able direction by George Englund of Pasadena and New York.

It is an eminently dramatic play, that grips and holds its audience from opening to final curtain, albeit with conflicting emotions in the audience concerning some motives and actions of the characters, which, though highly questionable by either legal or ethical standards, are seemingly acceptable to both the characters and the author with equal complacency.

This is a new play in its first run on any stage.

Briefly the situation is this: Robert Clyde, a prosperous and intelligent English business man, and Jane Collins, his secretary, while motoring at night in a dense fog, run down and kill a cyclist, but do not stop, the reason being that Jane's fiancé, Basil, is inordinately jealous of any man who even looks at her, and she dreads the publicity. Clyde yields to her plea, but does, at the next telephone, report anonymously the scene and nature of the accident. He reveals his part in the accident to Dr. Stevens, family physician. Later, at their home Clyde and his wife, Eleanor learn that the victim was their own son.

Eleanor becomes obsessed with a vengeful hate and with the sole objective of finding what she terms "the murderer of my son."

After two weeks of anguish, Clyde tells her the truth. Her hate turns on him and she tells him she is going to leave him and prepares to do so—until Police Inspector Jackson brings a piece of evidence, furnished by herself which would have exposed her husband as the car's driver, had it not been thwarted by a clever trick of Mrs. Harris, the housekeeper.

Eleanor decides—apparently for her own comfort—that the whole matter should be hushed up and that she loves her husband again. With a flicker of a smile, he crosses half the stage and embraces her. Curtain.

For once, the justly famous British justice and its stern law concerning hit-and-run drivers have been completely

circumvented and outwitted in a manner that could make the cleverest American criminal lawyer turn an Irish green with envy.

Mary Oldfield is a clever playwright. Is it possible that feminism in England is sending art and ethics on a new tack, by whose zig-zag course shall be more determined by sentimentality and the pursuit of "happy" endings, rather than by the traditional "masculine" ideal of principle, precedent, and the belief that bad means cannot bring a good end?

This question is one of the factors that make this play, at the Playhouse until July 24, worth seeing and pondering. Another is the acting by such fine exponents of the art as Anthony Eustel, as Clyde; Victoria Ward, as his wife; Jennifer Raine, as his secretary; Alan Napier, as the family physician and friend, Dr. Stevens; John Irving, the absurdly jealous fiancé; Garth Magwood, as the ingratiating police inspector, and Betty Sinclair, the motherly housekeeper, Mrs. Harris.

Scanning the Sports Scene With BOB BROGGER

North and South football teams that will compete in the fourth annual Shrine contest in the Coliseum Wednesday, July 27, at 7:45 p.m., have been in intensive training.

North players have been doing their work at Whittier College and coaches Chuck Butler and Tony Knap are pleased with the development of their charges.

Both teams, which are composed of the finest 50 graduating high school seniors from all over California will use the T formation.

Dick Bass, the man who has not played on a losing football team and who is counted on by the North to score many points in the intersectional game, has been sensational in the practice sessions.

Bass' ability to avoid runners in a broken field has been the delight of his coaches.

South players, coached by Jim Blewett and Aaron Wade, have been going through their workouts at Pepperdine College.

Northern coaches are counting on a running game. While Bass is expected to spearhead the attack the North has a crew of backfield stalwarts who can tear open the game at any time.

John Hangartner and Lee Grosscup, quarterbacks for the South, are expected to do a lot of throwing in the game. In past contests the forward pass has been the power of the South squad.

Our prediction for this little jewel is: North 17, South 7.

Another great football game is coming up the following night, Thursday, July 28, in the Rose Bowl. The Washington

Redskins are going to have an intra-squad game with the proceeds going to charity. My favorite Ralph Guglielmi, All-American for Notre Dame for two straight years, will be matching his wits against the great little quarterback from College of Pacific, Eddie LeBaron. We'll have more about the game next week.

AMERICA'S NEW RAILROAD

Quarter-mile lengths of welded steel rail curve around a foothill like wire cable.

Not a "clickety-clack" in a carload

**It's Santa Fe's new continuous welded rail...
Fewer joints mean a smoother ride for you**

An occasional little click—that's all you'll hear of the old "clickety-clack" as you glide over stretches of new continuous welded rail on the Santa Fe.

And these stretches will be growing longer and more frequent on Santa Fe. For we're laying more all the time—103 miles of it this year.

In fact, we're using a new electric welding process (for the first time by an American railroad) to help bring Santa Fe's new smoother ride to more people, more goods.

But that's only part of the story.

Just as a railroad is no better than its track, track itself is no better than what's underneath it—the roadbed, the ties, the ballast. So we've been busy

with new improvements here, too.

For instance, our own specially-devised ballast "dry cleaner." This unique machine cleans our ballast, keeps it more resilient so the track lies flat and even.

And today we're replacing old ties with longer and stronger new ones—specially treated to stay strong and sturdy for 30 years and more.

Day after day, something new is being done to make "America's New Railroad" even newer and better. Santa Fe is spending many millions of earned dollars every year for new roadway and new equipment. And not one penny comes from the taxes you pay.

SANTA FE SYSTEM LINES

What about expansion in these quarter-mile rails?

Near Newton, Kansas, where yearly temperatures vary from 20° below to 114° above, we laid a 5-mile experimental stretch of welded rail. Here we found that anchoring the rail to every other tie restricted expansion to the area between anchors. Thus, overall expansion was reduced to the merest fraction of an inch between rail ends. In other words, expansion is no problem whatsoever.

Joseph E. Leguins Honored at 40th Anniversary Party

On July 14, 1915, Etta Dickson and Joseph E. Leguin were united in marriage in the home of the bride's parents, Mr. and Mrs. John C. Dickson, 169 W. Montecito. Forty years later their son and his wife, Mr. and Mrs. Clifford Dickson Leguin, and their son-in-law and daughter, Mr. and Mrs. Charles J. Stratton, and their three children, Johnny, Marie Jo and Judy, hosted an "Open House" at the same family home in honor of their parents' wedding anniversary.

Seventy friends and relatives, some from as far as Chula Vista, came to congratulate the happy couple and renew old times. Approximately 20 of the guests had been present at the wedding.

Among the guests were six of the original eight bridesmaids: Mrs. Marion Shaw, Mrs. Hilda Noble, Mrs. Rudolph Hartman, Mrs. Converse Twycross, Mrs. Maybelle Barker and Miss Verna Tribble.

White bridal bells were used in the decorations to carry out the theme of the wedding decorations which included a bell covered with white roses and a lattice arch, built by the bride's father, and placed before the fireplace. Double white shasta daisies and yellow daisies replaced the white matilija poppies and wild yellow sun flowers that were used at the wedding.

The buffet table was centered by a three-tiered wedding cake. Ruby candles in white candleabra and white daisies completed the table decorations.

The Leguins received many beautiful remembrances to mark the happy occasion.

The three summer seasons—saving, vacation, broke.

AN AWARD FOR MERITORIOUS SERVICE was presented to Mrs. Olive Fowler last week by Postmaster Charles E. Louk on behalf of Postmaster General Arthur E. Summerfield. Mrs. Fowler, who was officially retired July 1, is a woman of many business careers in Sierra Madre who also served 15 years in the Post Office here. Asked what she now intends to do after so many business activities, she first replies: "Nothing!" But then she explains that she means "all the things I've been wanting to do for so many years when there just wasn't time."—(Photo by Al West.)

Reservations For 'Y' Camp Remain Open

Sierra Madre members of the Santa Anita District YMCA may still make reservations for the district's camping program, according to Gene Thomas, general secretary.

The camp schedule is open to boys who are from 9 to 12 years of age or in the fourth, fifth, and sixth grades. Camp dates will be from Aug. 15 to Aug. 22.

Complete information and registration forms may be secured at the "Y" office, 941½ W. Foothill Blvd., in Monrovia, or by telephoning EL11011 8-5155.

The second period of YMCA Day Camping will get under way next Monday at the Arcadia County Park with registrations still being accepted at the local "Y" office. Some 85 boys and girls are currently enrolled in the first period participating in dramatics, crafts, swimming, trips and tours, devotional services, sports and many special events under the leadership of Day Camp Director Art Langdon.

The third and fourth periods of YMCA Day Camp start Aug. 8 in Monrovia Recreation Park with registrations now being accepted at the "Y" office.

media. He is personally involved in each print.

Reporter: "What makes a print valuable?"

Suman: "It must have comparative excellence, naturally. Any piece of fine work must. Excellence of conception, design, and rendering; and with prints, excellence of production as well. Also only a few copies of each design are made by the artist and then the plates are destroyed and no more exactly like them are ever possible. This guarantees a certain exclusiveness."

Reporter: "Do you think the people of Sierra Madre will respond enthusiastically to the show?"

Suman: "I dunno. They won't if they don't go down and see it. But if the show gets a good audience, it's my guess that the artists will get orders for their prints—just for that wall space in homes that is crying out to be filled."

"Don't forget that prints have some big advantages over oils and water colors; they're usually smaller and (this is important) they are inexpensive."

Reporter: "I guess that's as much copy as we can give you this time."

Suman: "But I just got started! I . . ."

Reporter: "So long, pal."

Suman: "Hmmm!"

NIFTEE DERBY DAN 'DOGS IT' TO WIN TOP SHOW HONORS

Mr. and Mrs. Ray Steitz, of 315 Toyon Road, until their recent move to Arcadia June 1, are two people who bought a dog without knowing how good he was until he recently was acclaimed a champion by the American Kennel Club.

The dog, a boxer which answers to the name of "Dan," is officially listed as Niftee Derby Dan and has won his champion's points in less time, and with less effort, than most dogs do—according to those who know champion dogs.

His latest victory was at the Harbor Cities Show in Long Beach, June 26, where he received the "Best of Winners" award. As his professional handler, Harry Sangster of El Monte, knows—a dog has to be a mighty fine dog to be able to "dog it" like that.

"Dan" is a flashy, dark red, fawn colored boxer well known to many Sierra Madreans. He has been described in the Sierra Madre NEWS more than once, and because he was a neighbor to Lee Shippey, newspaper columnist, he also became a character in Shippey's feature known as "The Seymour Family" in the Los Angeles Times.

Shippey, who also writes a column for the Sierra Madre NEWS each week, was just one of "Dan's" many local admir-

ers. A friendly dog, "Dan" made friends with just about anybody, regardless of the fact that he has been an almost constant blue ribbon winner since his birth two and one-half years ago.

Now that "Dan" has won one of the top honors in the most important dog show in the USA, with the exception of the one held at Madison Square Garden in New York City, he is on his way to compete in the ultra-ultra class—"Best of Breeds."

'Decent Life' Discussed by Rev. A. Hesse

"Is Yours a Decent Life?" was the sermon theme at Faith Lutheran Church last Sunday morning. Rev. Armin Hesse directed his congregation to the three words in 1 Timothy 5, 22: "Keep thyself pure!"

Stating in his introduction that "one of our foremost problems as human beings is to rightly use, and not to abuse, the things which the Lord entrusts to us," the speaker mentioned that this also applies to sex. "Sex in itself is neither wrong nor impure," he said. "It is a creation and gift of God. And by uniting one man and one woman into one flesh on that first wedding day, God arranged for sexual expression and ordained that the propagation of the human race is to take place in this orderly way."

"Here the Lord made the river-bed where the stream of sex may flow. If it remains in that channel it is beautiful and useful. But if it mounts over this bank or runs wild, like a rampaging river, it is terrible and destructive."

The pastor pointed out that God's commandment, "Thou shalt not commit adultery," is intended to protect both the married and the unmarried against all invasion of impurity. Regarding the married he said that husband and wife should realize that theirs is a sacred, life-long union, so intimate and close that they have become one flesh before God. Therefore, they should remain faithful to each other.

He pointed out to the teenagers that "it is certainly not for the immature, but for the matured to make decisions which are life-long in extent, such as marriage." He encouraged parents to teach their youngsters respect, good manners, clean fun and sociability in the boy-girl relationships.

"The clean and decent life begins at the cross of Calvary, where we see and realize the price which our Lord Jesus Christ paid to redeem us from all sin and impurity and to claim us as His own," said the pastor. "When God forgives the penitent, He also cleanses his heart and puts him on the road of purity."

Rev. Hesse advocated four measures as aids to remain on the road of purity in thought, speech and act: cultivate an awareness of your Lord and a realization that impurity of any type is an offense against Him; exercise care in the choice of your friends and associates; keep yourself occupied with worthwhile activities; and practice moderation in all things.

The easiest thing in the world is to point out the proper course for others to follow.

Faith Lutheran to Show Sound Films At Sunday School

In the 9:15 o'clock Sunday School session at Faith Lutheran Chapel next Sunday morning, the sound film, "Guiding Star" will be shown to the departments. It is a 30-minute picture, intended to convey the lesson that there is joy not only in receiving, but also in giving.

During the two summer months of July and August, the Sunday School is employing sound films of religious character as the lesson material. After the film showing, the school divides into three departments for instruction purposes. Recently black-out draperies were purchased for the chapel to make this program possible. This group-instruction schedule makes allowance for the vacation periods of the teaching personnel.

At 10:30 a.m. next Sunday, Rev. A. Hesse will speak on the theme "Is Yours an Honest Life?" This will be another in the pastor's summer series of sermons on the theme of "The Ten Commandments—God's Guide for Our Christian Living."

Church School Breakfast to Be Held Sunday

The Church School of the Congregational Church will sponsor a breakfast at Sierra Madre Villa Park Sunday morning. Breakfast will begin at 8:30 o'clock, with each family bringing its own food. There will be a coffee pot for all. At 9:30 o'clock, a worship service in the park will be led by Rev. George Lindsay. The regular morning worship will be held in the sanctuary of the church at 11 o'clock, with the choir singing the traditional Negro spiritual, "Were You There" and Mr. Lindsay preaching on the theme, "Giving Thanks."

Last Sunday, Mr. Lindsay spoke about "The Greatest Gift." Taking his text from Paul's great chapter on love in the first letter to the Corinthians, he pointed out that Christian love was love given without thought of return. Thus it is obedient, not to men or to man's institutions, but to God; it is disinterested, being concerned not with the attraction of the beloved, but with the will of God. It does not, then, change, but endures, no matter what change in conditions may occur.

"It is love like this with which God created the world," Mr. Lindsay said. "It is love like this which is in Jesus Christ, making Him the Son of God. It is our response to this kind of love, our own willingness to be obedient, that marks the Christian."

'Truth' to Be Christian Science Theme

The healing and redeeming power of Truth, God, will be the central theme in the Lesson-Sermon on "Truth" in all the Christian Science churches on Sunday.

A highlight of the sermon is the account of the healing of the epileptic boy—the only son of his father. After the disciples had failed to heal the case it was called to Jesus' attention. Jesus commanded, "Bring thy son hither." Then the account continues, "And Jesus rebuked the unclean spirit, and healed the child, and delivered him again to his father," Luke 9:41,42.

"The utterance of truth is designed to rebuke and destroy error" reads a correlative passage from "Science and Health with Key to the Scriptures" by Mary Baker Eddy. And later, "Truth is affirmative, and confers harmony . . . By the truth-ful arguments you employ, and especially by the spirit of Truth and Love which you entertain, you will heal the sick" (pp. 233,418).

The Golden Text for the sermon is from Psalms: "Thy mercy is great above the heavens; and thy truth reacheth unto the clouds. Be thou exalted, O God, above all the earth," (Ps. 108:4,5).

Dr. Harrison to Be Speaker at Bethany

Dr. Everett F. Harrison, professor of New Testament at Fuller Theological Seminary in Pasadena, will speak Sunday at both the morning and evening services at Bethany Church.

Dr. Harrison is one of the nation's outstanding scholars in the field of New Testament and recently has completed special studies in Germany.

In past years he has served Bethany Church in the capacity of guest minister.

Stella Terrill Mann To Be Guest Lecturer

In the absence of Dr. Ethel Barnhart, pastor of the Santa Anita Church of Religious Science, Mrs. Stella Terrill Mann, author and lecturer on religious subjects, will speak Sunday at the church, 778 S. Rosemead Blvd. in Pasadena.

Mrs. Mann has lectured throughout the country for 25 years on the use of spiritual laws in everyday living and some of her books are best-sellers in that field. She is a resident of Pasadena and the wife of Herbert J. Mann who is heard weekly over radio station KFI.

Edwin C. Polsue Funeral Services

Edwin C. Polsue, former Sierra Madrean, died July 17 in a Baldwin Park sanatorium.

Mr. Polsue was born July 19, 1875, at Wilkes-Barre, Pa., and came to California in 1904. He and his family settled in Long Beach and after 16 years came to Sierra Madre to make their home.

The deceased was employed by Los Angeles County for 36 years and was a clerk of the Superior Court. He was a life member of Kanawha Masonic Lodge in Charleston, W. Va., a member of the Acacia Club and Al Malaikah Shrine in Los Angeles and a member of Bethany Church.

He is survived by three daughters, Mrs. Gordon R. Brooks, 360 Mariposa; Mrs. Merrill J. Scoville, 272 W. Grandview, and Mrs. Leonard Wammock, former Sierra Madrean now living in Suzana Knolls, Calif.; two brothers, Dr. William C. Polsue of Charleston, W. Va., and Ben Polsue of Clendenin, W. Va.; six grandchildren and four great-grandchildren.

Rev. Rayburn Woodson, assistant pastor of Bethany Church, will read the funeral service Friday, July 22, at 1 p.m. in the chapel of Utter-McKinley Mortuary, 825 E. Orange Grove, Pasadena. Interment will be at Rose Hills.

Mr. Polsue's wife, Mrs. Dorothy B. Polsue, died July 1, 1950, in Sierra Madre.

New Ideas in Doors

Have you noticed your front door lately? It is probably the most prominent moving part of your home—and often the least noticed by the owner. It provides comfort and security for your family and welcomes the arriving guest.

Door styles, dormant for years, were revolutionized by the advent of the slab, or flush door which instantly became popular. It is made with either a solid or hollow core faced with a pleasing variety of foreign and domestic plywoods. Its unbroken surface and clean lines blend perfectly with modern design.

If you're building a new home or remodeling an old one we'd like to show you the latest ideas in doors.

WISHES ARE DREAMS

'Tis good to sit in the wishing seat . . . or to talk into the wishing well. It provides the dreams that grow into reality and make for a better world. Under proper guidance those wishes progress from, "I wish I had a million, gillion chocolate bars," to the desire to help alleviate conditions that bring about human misery.

Wishes are dreams and dreams often come true if the dreamer has been encouraged and not ridiculed. People with energy and properly directed ambition have a way of making dreams materialize for the benefit of many.

Attendance at church provides encouragement for the dreamer. Something said, or the very atmosphere, often creates a dream and a wish or desire to make that dream come true.

There is a good wishing seat at the church of your choice.

With the hope that it will, in some measure, foster and help sustain that which is good in family and community life, this feature is sponsored by the business firms and organizations whose names appear in this space.

Little Coast League Group In New Plans

The Little Coast League steering committee met Friday evening, following the local game between "Hollywood" and "Sacramento" teams at City School. Chairman Frank Simmons, Harry Howard, Al Foxton, Bill Bodley, and Ted Daws met to formulate new plans to stimulate a more prompt attendance of the boys. Recreation Director Philip Mitchell and Bill Simmons, the Sierra Mesa coach, also contributed to the evening's effort.

It was decided to establish a telephone committee among the boys, to call each member on days games are scheduled, and to report to the Recreation Director.

Baseball caps were distributed to the coaches for their team members, but the shirts had been delayed by the manufacturer for one week, according to Mitchell.

Through the efforts of Bill Simmons, an employee during the school term in the Pasadena school system at La Canada Junior High, connections have been established with the Shriners, whereby local Little Coast League members have been given passes for the North-South All-Star California High School football game in the Coliseum the evening of July 27. Ninety boys, the coaches and their wives, also have been invited to attend.

Transportation will be provided for the trip, which necessarily postpones the previously scheduled game to July 28.

Other committee members assisting in the project are James Burke and Neil Yarnell.

Around the Square

alist had stopped by just long enough to say he had been there, and then go home. That's why he didn't feel too bad about being parked in a red zone. It was just for a moment, you know.

Well. And he did mean: "Well!" He thought kid you've been missing something. Just settle yourself on the lawn for a few minutes—and relax. The musicians up there on the bandstand were not all amateurs. Some of them were professionals. Within that well placed group of bandsters could be seen a veteran musician playing trombone alongside a lovely young blonde who was saving a bass fiddle and near her was what appeared to be a mere youngster, but he was handling the kettle drums with such talent that it made a man feel like applauding.

So your man applauded. He applauded like crazy, and he forgot his car parked in the red zone. He wished he had come earlier and brought his wife, a blanket, and a big pillow, and just a few extra dimes to buy some soda pop. They've got that there, too. The refreshment stand is under a big spreading tree, just like in the old days, with a shaded light dangling overhead—and there are some young people there to serve. They are members of the Serman Club, Sierra Madre's teen-ager organization, and they make a few dollars that way to help pay their expenses.

One of the features of the program was when a few people in the audience got up to lead the band for just a few minutes.

Don't be shy, the reporter kept telling himself. Go on. Go on up there and tell them how all your life you've wanted to lead a band. Go on, you coward. Ask them if they can play

Sousa's "Stars and Stripes Forever" so you can stand there and swing your arms and let yourself go. Go, go, go!

So he didn't. Big yellow streak. Instead, he waited until the last tune was played and then he thought of the car in the red zone and that's when he jumped out of his skin.

That also was when he saw Noren Eaton, attorney and former councilman, and wife, Lucile. They, too, had been listeners at the concert, but now Noren was giving him the eye—in the red zone.

The situation, of course, should have been reported to the police, but it wasn't. The concert had put everybody in such a good mood that nobody seemed to care about red zones. And nobody does—just so long as you don't call the police.
